Graduation Requirements

To graduate, students must be registered during the term in which they complete their program. An exception to this registration policy allows students to complete an early checkout by census day of the graduation semester. Early checkout is accepted by the Graduate School and allows students to graduate in a term, without registering;

- checkout by Summer I census to graduate in Fall and avoid summer & fall registration,
- checkout by Fall census to graduate in Fall and avoid fall registration, and
- checkout by Spring census to graduate in the Spring and avoid spring registration.

Students not meeting this checkout deadline are required to register for an additional semester before the Graduate School will process their checkout request.
